

NEWSLETTER

March 2019

Mace intend to keep residents informed of upcoming construction works during the development of Westway Place.

Sheet piling works will be taking place for the remainder of this week and early next week (finishing on Monday 11th).

This is taking place along the southern site boundary, to the rear of Arthray Road from No 12 to No 32. SDC are communicating directly with the property occupiers but wish to inform members of the community on account of any resulting noise or vibration. SDC are monitoring both noise and vibration to ensure they remain within the agreed limits.

We apologise for any inconvenience caused.

For more information, you can contact SDC's dedicated resident liaison phone on [07920 847 256](tel:07920847256). In case of an emergency, please call [0845 838 7627](tel:08458387627).
